What vision do you have of yourself when you live life from your compassionate self? How does your behavior shift when the vice of your personality type recedes? As the virtue arises, how does your placement of attention change?

During our time together, we'll explore strategies that support the transformative process of shifting from the vice of our personality type to its virtue. We'll engage the body's wisdom as guide and participants will be invited to share successful strategies for converting the energy and waking up to self. Group discussion, self reflection and body movement will engage our minds, hearts and bodies.

This workshop will offer advanced Enneagram material and is open to people working with this map for personal growth. It is not recommended for those new to the Enneagram system. The cost of \$45 includes workshop materials and snacks. Location is the Unitarian Universalist Church of Asheville at the corner of Charlotte Street & Edwin Place.

Sandra Smith, M.Div., teaches the Enneagram throughout the southeast as a tool for personal, professional and spiritual growth. She uses the Enneagram as a map in staff communication and managerial styles for businesses, non-profit organizations, and faith communities. Sandra facilitates type and study groups, and offers individual sessions as an Enneagram consultant and spiritual companion.
