Exploring Key Components of Our Enneagram Type to support Growth Beyond Type

A Deep Dive into Chapter Two of
The Enneagram Map to Your Deeper Self

The **Enneagram Map** offers us a powerful glimpse into our inner workings, our ego structure's automatic patterns. These components of our ego structure work to maintain our allegiance to these patterns, even though these patterns limit us. In order to liberate ourselves from our stuckness, we look inward at how these patterns operate and create practices and strategies for moving into moments of mindful choice. Our freedom lies in our capacity to be present and available to ourselves so we may observe "why" we do what we do. Our focus of attention, blind spots, core avoidance, motivation, world view, and ego ideal work together to seduce us into a world of sameness, a type of comfort zone.

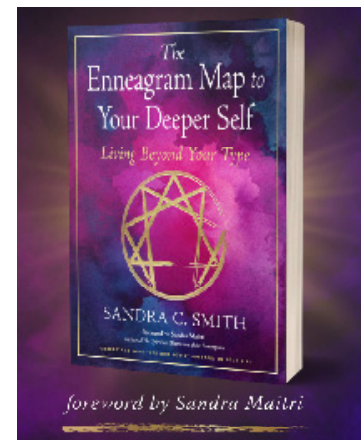

Chapter Two in Sandra's book will be our focus and will guide our conversations. Participants are invited to read Part One of the book (chapters 1-3) prior to the workshop. This book can be purchased at your local bookstore or on Amazon at Amazon: <https://www.amazon.com/Enneagram-Map-Your-Deeper-Self/dp/1642970603/>

Dyad inquiry exercises, self-reflection, and small group discussions will support our learning process.

This is an advanced workshop so participants must have a working knowledge of their type to participate. Cost for this event is \$55. Email Sandra to register at sandrasmith@charter.net before **March 13**. You may pay through Zelle or Vebmo or Payment through PayPal is offered on my website:
